14. List of recognized standards complied with in the manufacture of the device:

Please answer "Yes" to one, and only one, of the following.

The medical devices subject to this application conform with Recognized Standards as set out in the *Guidance Document on Recognition and Use of Standards under the Medical Devices Regulations*, which is available on the website. Yes No

If yes, I am including with this application Declarations of Conformity that the medical devices comply with the following Recognized Standards:

The medical devices subject to this application DO NOT conform with recognized standards but meet an equivalent or better standard. Yes No

If yes, I am including detailed information proving that the devices meet the following equivalent or better standards:

The medical devices subject to this application DO NOT conform with Recognized Standards NOR do they meet an equivalent or better standard, but I am including detailed information as evidence of the safety and effectiveness of these devices. Yes No

15. Priority review: The following section should be completed by manufacturers that wish to request priority review for their application in order to ensure a timely review of critical new medical devices for serious, life threatening, or severely debilitating diseases or conditions. Manufacturers will be notified at screening acceptance whether their application was accepted for priority review.

Is priority review requested for this application?	Yes	No
--	-----	----

Priority review is being requested for the subject devices as it is intended for the diagnosis or treatment of a serious, life-threatening or severely debilitating disease or condition and there is substantial clinical evidence that the medical device:

Provides effective treatment or diagnosis of a disease or condition for which no medical device is currently licensed in Canada.

Provides significant risk-benefit improvement over existing therapeutic or diagnostic devices for a disease or condition that is not adequately managed by existing products marketed in Canada.

Responds to an unmet urgent healthcare need.

If a priority review is requested, a rationale must be included with this application form. The rationale should be an executive summary (10 pages or less) consisting of the following information:

- A synopsis of the clinical evidence establishing that the device provides effective treatment or diagnosis of a disease or condition for which no medical device is currently licensed in Canada or for which existing devices are inadequate.
- A brief description of the disease or condition and the role of the device.
- A summary of the risk-analysis for the device and/or the improvements it represents over existing products.

16. Review documents: Indicate which documents listed below are included as attachments to this application. For details regarding content and format, you are requested to consult the *Guidance Document – Preparation of a Premarket Review Document for Class III and Class IV Device Licence Applications* (available on the website).

Licence application disclosure request

As you are aware, Health Canada is striving to add transparency to the medical device review process. One area we would like to address is the requests from interested parties regarding whether or not a licence application has been received by the Medical Devices Directorate (MDD).

The purpose of this form is to request your signed authorization - in advance - if we receive such a request, to disclose the date on which a licence application has been received by the MDD. No other information would be supplied.

Please indicate your consent by completing this form and sending it with your application for a new medical device licence, or any time after a licence has been granted.

Disclosure Statement:

In the case where the MDD has received requests concerning the status of the new licence application, amendment application, or fax-back application for (enter device name)

From interested parties,

- ☐ this certifies that (*enter the manufacturer's name*) _____ has **no objection** to the disclosure to the requester, by the MDD, of the date when an application for the device entered above, has been received by the MDD.
- ☐ this certifies that (*enter the manufacturer's name*) _____ **objects** to the disclosure to the requester, by the MDD, of the date when an application for the device entered above, has been received by the MDD.

In accordance with the *Access to Information Act*, confidential, third party information will not be disclosed without your expressed consent.
