Introduction

Applications for Good Manufacturing Practice (GMP) Clearance need to be submitted through the TGA Business services (TBS) portal.

Before applying, you should understand your [Sponsor responsibilities](#) and familiarise yourself with the GMP requirements for the particular category of medicine you intend to supply to Australia. The following guidance is available to assist you:

- [GMP Clearance guidance](#)
- [TGA Code Tables – Guidance to manufacturing steps and validation](#)
- [Australian Regulatory Guidelines for Prescription Medicines \(ARGPM\)](#)
 - Additional guidance is available on which steps of manufacture require [evidence of GMP compliance for prescription medicines](#)
- [Australian Regulatory Guidelines for Over the counter \(OTC\) Medicines \(ARGOM\)](#)
- [Australian Regulatory Guidelines for Listed Medicines and Registered Complementary Medicines \(ARGCM\)](#)

Accessing TGA Business Services

You need to be a TGA client to access TGA Business Services in order to submit an application. Only Australian sponsors or agents acting on behalf of an Australian sponsor can submit GMP Clearance applications.

Direct any queries related to TGA Business Services to ebs@health.gov.au.

For more information see [getting started with the TGA](#).

Creating a new application

1. Go to [TGA Business Services](#).
2. To limit issues with functionality, distortion or performance, check that the internet browser you are using is compatible with the TGA Business Services system by selecting '**Browser Support**' and following the provided guidance.

Therapeutic Goods Administration | Copyright | Privacy | Disclaimer | Security | **Browser Support** | www.australia.gov.au |
For further information contact the eBS Help Lines, eBS@health.gov.au

Make sure that your browser allows pop-up windows, or you will be unable to see the dialog boxes and complete the form.

3. Select 'Log in to Business Services'.

Before you create your GMP Clearance application, ensure you have read the required information contained in this guidance and have used the [GMP Clearance Application Assistance Tool \(CAAT\)](#).

4. On the homepage, select 'Applications' and from the dropdown menu under the 'Manufacturers' heading, select 'Clearance Application'.

You will be taken to the 'Clearance Application' page which contains the application details section with the following tabs:

- Client Details
- API/Product Details
- Evidence
- Fees and payments
- Declaration

Throughout the e-form tabs, there are **mandatory fields** notated by a red asterisk * that need to be completed to progress your application.

There are also **help icons** notated by a yellow question mark available to assist you in preparing and submitting the application.

You will be requested to save your progress at various stages prior to continuing.

Completing Application Details

5. Under 'Application Details', you may wish to include your own reference description in the '**Applicant's Own Ref**' text box to assist you in identifying your GMP Clearance applications. This is a free text field.

6. Select the '**Application Type**' from the drop down list:

- MRA
- TGA GMP Certificate
- CV – Non-Sterile API
- CV – Non-Sterile Finished Product
- CV – Sterile / Biotech API
- CV – Sterile / Biotech Finished Product
- CV – Contract Testing Laboratory
- CV – Contract Steriliser

This selection will determine the subsequent information required for the application.

Important – It is crucial you select the correct application type to avoid unnecessary delays with your application. We use the information you enter to assist us in processing your applications and an incorrect will delay your application.

Additionally, once the application is submitted, the application type **cannot be changed**. A new application may be required if an incorrect selection is made.

We urge all applicants to refer to [GMP Clearance guidance](#) and use the [GMP Clearance Application Assistance Tool \(CAAT\)](#) for assistance in identifying your application type **prior to submitting** a GMP Clearance application.

7. Once you have selected the application type from the drop down list, you will be asked to confirm your selection. Select '**OK**' to proceed or select '**Cancel**' to go back and change the application type.

Completing Client Details tab

In the client details tab, whether you are a sponsor or an agent acting on behalf of a sponsor will determine the required information to be entered.

Some applicant and sponsor information will be pre-populated based on the Client ID you have logged in with. This information is based on the registered client details held by TGA.

If you wish to amend (add or remove) contacts, ask your organisation's nominated TGA Business Services administrator to update these details.

Refer to [TGA Business Services – Questions and answers for administrators](#) or contact ebs@health.gov.au for assistance.

Sponsor

8. If you are the sponsor, you will need to select the address from the drop down menu in both the applicant and sponsor sections and proceed to [instruction 12](#).

Agent acting on behalf of a sponsor

9. If you are an agent lodging an application on behalf of a sponsor, you will need to choose who will be invoiced using the radio buttons.
 - Select '**Applicant**' if you (the agent) is to be invoiced for the GMP Clearance
 - Select '**Sponsor**' if the sponsor is to be invoiced for the GMP Clearance

Sponsor

Sponsor Name

Who will be invoiced for this clearance? ☒ Applicant ☐ Sponsor

Client ID

* Address:

Suburb:

Postcode:

State:

Country:

10. You will then need to choose who should be contacted if we need further information in relation to this GMP Clearance using the radio buttons.
- Select '**Applicant**' if you (the agent) is to be contacted about the GMP Clearance
 - Select '**Sponsor**' if the sponsor is to be contacted about the GMP Clearance

Contact Details

Who to contact for further information: ☐ Applicant ☒ Sponsor

* Contact Name:

* Phone:

Mobile:

* Email:

Fax:

11. Select the '**Contact Name**' from the drop down list. The subsequent mandatory information will automatically populate based on the selection made.

Contact Details

* Contact Name:

* Phone:

Mobile:

* Email:

Fax:

Note: If the contact is not displayed on the drop down list, your company's TGA Business Services administrator can update these details. Refer to [TGA Business Services – Questions and answers for administrators](#) or contact ebs@health.gov.au for assistance.

Selecting the manufacturer name and manufacturing site address

12. Select '**Search**' to open the manufacturer information system's search dialog box.

Existing Manufacturer

* Manufacturer Name:

Manufacturer ID:

Important – Ensure you have thoroughly searched the TGA database for the manufacturer's name and address **before** you select New Manufacturer. Duplicate

entries created can result in extended delays to application processing times and may require significant updates to your ARTG entry.

If you are unsure whether the manufacturer you intend to use is available in the TGA database, please [contact us](#) **prior** to proceeding with your application.

13. In the search box, enter a search string by typing the name of the manufacturer you wish to obtain GMP Clearance for and select '**Search**'.

14. If the manufacturer's name is already registered with the TGA, it will appear in the list for selection. Click on the manufacturer and select '**OK**'.

15. If the manufacturer selected has only one manufacturing site registered with the TGA, the existing manufacturing site information will automatically populate. Alternatively select the '**Manufacturing Site**' from the drop down menu.

16. If your manufacturer and manufacturing site are already registered with the TGA, proceed to [Selecting your scope](#).

If the manufacturer name or the manufacturing site required is **not** already registered with the TGA you will have to register the manufacturing site **prior** to proceeding with the application.

17. If you need to request a new manufacturer and/or manufacturing site, save your application, then select **'New Manufacturer'**.

Important – Ensure you have thoroughly searched the TGA database for the manufacturer's name and address **before** you select New Manufacturer. Duplicate entries created can result in extended delays to application processing times and may require significant updates to your ARTG entry.

If you are unsure whether the manufacturer you intend to use is available in the TGA database, please [contact us](#) prior to proceeding with your application.

18. Enter all the required information about the manufacturer or site address and upload at least one piece of evidence to support the request, then select **'Send'**.

Once TGA Business Services have registered the manufacturer or site address, you will be notified and may proceed with the application.

Typically, a new registration is complete within 1-2 business days from the date of request. If you have questions regarding the status of the registration of the manufacturer or site address, please contact ebbs@health.gov.au for assistance.

Selecting your scope

Selecting the correct scope of your application is one of the key steps in submitting GMP Clearance applications. When preparing GMP Clearance applications, it is the responsibility of the sponsor to select the scope that accurately reflects the dosage forms and/or manufacturing steps performed by the overseas manufacturer. You should take specific care to ensure that your selected scope is fully supported by the evidence provided. Incorrect selections here may lead to issues with your product registration or listing activities.

Information on dosage forms and manufacturing steps is available in the TGA code tables ([TGA Business Services](#) > Public TGA Information > [Code Tables](#)).

If you are unsure whether the manufacturing step(s) require GMP Clearance or align with the registration or listing requirements, please [contact the relevant product regulatory area](#) prior to submitting the application.

You may **not be contacted** prior to finalising the application and GMP Clearances will be issued for the scope that is supported by the evidence provided.

If the selections you made result in validation issues with the regulatory submission system, you may be required to submit a [variation application](#) and pay the relevant [fees](#).

Completing API/Product Details tab

In the API/Product Details tab, whether you select '[API](#)' (Active Pharmaceutical Ingredient) or '[Product](#)' will determine the required information to be entered. Once chosen, you will then need to enter the name of the specific substance or dosage forms along with the required steps of manufacture performed at the manufacturing site.

You will need to submit **separate applications** for API and finished product, even if the same evidence is applicable to both.

19. Select if the application scope is for '[API](#)' or '[Product](#)' by selecting the radio button.

Client Details Evidence **API/Product Details** Fees and Payments

Although details may be entered for API and for Products, ONLY the details on the screen that is open at the time of submitting the application will be submitted and received for processing. Therefore, you are required to submit separate applications if you wish to apply for an API as well as a Product. Ensure that the API / Product details (dosage form, manufacturing step, etc) selected below are supported by the evidence provided with the application and align with the details related to the product registration / listing. Contact the [appropriate regulatory area](#) if you are unsure.

☒ API ☐ Product

API scope

20. If the application is for API, select 'API' and then select the type of APIs you intend to obtain GMP Clearance for.
 - Select '**Sterile/Biotech**' if all the APIs in your application are sterile or biotech substances
 - Select '**Non-Sterile**' if all the APIs in your application are non-sterile substances

- Select '**Sterile/Biotech & Non-Sterile**' if the APIs in your application are a combination of both types of substances

21. Select '**Add**'.

22. You cannot enter the ingredient name directly. Instead, select '**Search**' to open a search box of the ingredients database.

23. Enter the name or partial name of the substance in the Ingredient Search Dialog box and select '**Search**'.

24. If the ingredient name is already registered with the TGA, it will appear in the list for selection. Click on the required ingredient and select '**OK**'.

If the required APIs are already registered with the TGA, proceed to instruction 26.

If any of the API names are **not** already registered with the TGA and your search returns zero results, information about how to register an ingredient name will be displayed and you will have to manually enter the name of the API to proceed with the GMP Clearance application (instruction 25).

For cell bank manufacturing activities, the name of specific cell lines are not required to be entered in your application and the API name may be entered manually as 'cell bank'.

25. Enter the name of the API in the field labelled 'Enter New Ingredient Name' and select '**OK**'.

Enter Ingredient Name:

blasta

Search

- Keywords including AND and OR may be used to refine your search.
- Use * (wildcard) when searching on incomplete words.

Enter New Ingredient Name:

Number of entry found : 0

26. Select the appropriate '**Manufacturing Step**' from the drop down menu and click save entry.

API

* API Name: Search para-Cymene

* Manufacturing Step: Active material manufacture

ABO Group and Rh Type

Active material manufacture

Active Material Manufacture excluding Microbiolo

Anti-D Quantitation

Save Entry Close

To see the entire list of possible manufacturing steps, go to the 'Manufacturing Steps' code table ([TGA Business Services](#) > Public TGA Information > [Code Tables](#)). Also, you may refer to [GMP Clearance Code tables guidance](#) for information regarding the specific manufacturing steps, definitions and which systems they validate.

27. Repeat instructions 20-26 as required to continue adding APIs and/or manufacturing steps to your application.

Finished Product Scope

28. If the application is for finished product, select 'Product' and then select 'Add'.

29. In the dialog box, make the required selections from the drop down menu for the following manufacturing items:

- **Manufacturing Type** – Generally the selection here would be Medicine Manufacturer or Testing Laboratory
- **Sterility** – Select the sterility of the product
- **Manufacturing Class** – Select either multiple or single manufacturing steps or products
- **Dosage Form** – Ensure when selecting group terms, all the dosage forms contained within the group are supported by the evidence you submit. To see the entire list of possible dosage forms, go to the 'Dosage Form Group' [Code Tables](#).
- **Product Code** – Generally the selection here would be Listed or Registered Therapeutic Good
- **Manufacturing step** - Ensure when selecting group terms, all steps of manufacture contained within the group are supported by the evidence you submit. To see the entire list of possible manufacturing steps, go to the 'Manufacturing Steps' [Code Tables](#) and [GMP Clearance code tables guidance](#).

30. Once you have chosen from every drop down menu, select '**Save Item**'.

31. Repeat instructions 27 - 30 to continue adding dosage forms or manufacturing steps to your application.

Providing your evidence

In the Evidence tab, you need to answer some questions about the GMP Clearance prior to providing the required evidence. The information you provide will allow us to process your applications efficiently.

32. Inform us if the GMP Clearance application is related to a submission to list or register a product or vary an existing ARTG entry.

- Selecting 'Yes' will require you to choose the submission type from the drop down menu (mandatory) and submission number (if known)

33. Choose whether the application is for the Compliance Verification pathway.

- Selecting 'Yes' will raise the **Compliance Verification fee**
- Selecting 'No' will not raise the fee

If you are unsure whether the CV fee should apply, refer to the fee table in [How much GMP Clearance costs in the GMP Clearance guidance](#).

Ensure your selection aligns with the application type selected in [instruction 5 - Completing Application Details](#).

If you have selected 'No' and during application receipt your application is determined to be a CV, we will raise the fee and your application will not progress until payment is received.

34. Choose whether you intend to use a Letter of Access (LoA) to Clearance or Evidence as part of your evidence. If you select yes then you will need to provide the GMP Clearance number in [instruction 44](#) or [instruction 45](#).

Choosing your evidence and delivery method

35. Save your application before proceeding.

The screenshot shows the 'TGA eBusiness Services Clearance Application' header. Below the header is a row of buttons: 'Save', 'Close', 'Validate', 'View Entire App', 'Delete', 'Submit', and 'Home'. The 'Save' button is highlighted with a red rectangular box.

You will be required to select a delivery method for each piece of evidence you provide.

Based on the [Application Type](#) selected, this section will display:

- For MRA – [Mandatory Certificate or Letters](#) and [Optional Evidence](#)
- For CV – Mandatory Certificate or Letters, [Mandatory Evidence](#) and Optional Evidence

Ensure you have read the [GMP Clearance guidance](#) regarding **identifying the appropriate GMP Clearance pathway** and **identifying what documentation** is required **prior** to proceeding.

Mandatory certificates or letters

36. In the mandatory certificates or letters section, select whether you intend to provide a current GMP certificate or a Letter of Access (to clearance or evidence).

The screenshot shows the 'Mandatory Certificates or Letters' section. A dropdown menu is open, displaying the following options: '1 Current GMP Certificate', '18 Letter of Access to Clearance', and '19 Letter of Access to Evidence'. To the right of this dropdown is another dropdown labeled 'Select delivery method' with a downward arrow.

Letters of Access - If you choose to use a letter of access, you must upload the letter here **and** select the equivalent [delivery method](#) in the [mandatory evidence section](#) for the evidence to be covered by the LoA.

US FDA evidence - If you are using US FDA evidence, you **must** select [TGA to obtain GMP certificate](#) as your delivery method. **Do not** provide the cover letter from the US FDA EIR.

Health Canada evidence – If you are using Health Canada Exit Notice as evidence, you **must** select [TGA to obtain GMP certificate](#) as your delivery method and **provide** the exit notice as the inspection report.

When TGA to obtain GMP certificate is selected, a liaison fee will be automatically added to GMP Clearance application fee. This will avoid additional fees needing to be raised during application receipt.

37. Select the required delivery method from the drop down menu.

Mandatory Certificates or Letters:

★ 1 Current GMP Certificate ▼

Select delivery method

- TGA to obtain GMP Certificate
- Upload Evidence
- Manufacturer to Provide
- LOA to Clearance
- LOA to Evidence
- Submit Paper Copy

Delivery methods

There are multiple delivery methods available depending on each type of evidence. Additional information specific to the delivery method chosen will be required once selected. These are:

- [TGA to obtain GMP certificate](#)
- [Manufacturer to provide](#)
- [Submit paper copy](#)
- [Upload evidence](#)
- [LoA to clearance](#)
- [LoA to evidence](#)

TGA to obtain GMP certificate

38. If you have selected this delivery method, in the resulting dialog box select:

- the regulatory authority the TGA are to liaise with from the drop down menu
- the inspection date of the GMP Certificate required

TGA to obtain GMP Certificate

Please note, by choosing this option a fee for obtaining evidence from an overseas regulatory authority will be charged

★ Select who TGA to liaise with: ▼

★ Enter the Last Inspection Date: dd/mm/yyyy

OK Cancel

For MRA applications, we can only liaise for GMP certificates with regulatory authorities with whom we have a [MRA](#) or equivalent agreement with.

For CV applications, if you are submitting evidence from a US FDA inspection you **must** select [TGA to obtain GMP certificate](#) to ask TGA to confirm the current GMP compliance status from the US FDA COMSTAT database. If you are using **Health Canada Exit Notice** as evidence, you **must** select [TGA to obtain GMP certificate](#) as your delivery method and **provide** the exit notice as the inspection report.

You may receive alerts if the inspection date is ≥3 years old identifying that the GMP Clearance may:

- result in a short expiry date (if issued)

OR

- not be issued if the evidence is > 3years from date of inspection.

Manufacturer to provide

39. If you have selected this delivery method, in the resulting dialog box select the expected date the evidence will be provided to us. The delivery date cannot be earlier than the GMP application submission date and should not be later than one month past the date you submit the application.

Manufacturer to provide

When submitting evidence directly to TGA, email GMPclearance@tga.gov.au and quote the GMP clearance application tracking number. Please ensure the manufacturer supplies this evidence as soon as possible. If evidence is not provided by the time TGA review the application, a GMP Clearance may not be issued

★ Enter expected delivery date:  dd/mm/yyyy

OK Cancel

Please note the maximum file size we can receive via email is 20MB. For large files, please consider submitting via [GovTeams](#).

You should liaise with your manufacturer to **ensure the date selected is achievable prior to submitting your GMP Clearance application.**

Evidence should be provided no later than 1 month from the submission of the GMP Clearance application.

If we have not received the evidence by the time we perform application receipt, your application will progress to assessment as **incomplete**. This will result in extended processing times and your GMP Clearance **may not be issued**. Sponsor should check status of the application around the expected delivery date of evidence and contact their manufacturers in the first instance to ensure the required evidence has been provided.

Submit paper copy

40. If you have selected this delivery method, in the resulting dialog box select the expected date the evidence will be delivered to TGA.

Submit paper copy

TGA prefers to receive electronic copies of documents. If you are posting evidence directly to TGA, address it to PO Box 100, Woden, ACT 2606 and quote the GMP clearance application tracking number. Please ensure this evidence is supplied as soon as possible. If evidence is not provided by the time TGA review the application, a GMP Clearance may not be issued

★ Enter expected delivery date:  dd/mm/yyyy

OK Cancel

We prefer to receive electronic copies of documents. A file size of **100MB** is available and files may be [zipped](#). Paper copies are accepted if they cannot be submitted electronically.

You should liaise with your manufacturer to ensure that the date selected is achievable **prior** to submitting your GMP Clearance application.

Evidence should be provided no later than 1 month from the submission of the GMP Clearance application.

If we have not received the evidence by the time we perform application receipt, your application will progress to assessment as incomplete. This will result in extended processing times and your GMP Clearance may not be issued.

Upload evidence

41. If you have selected this delivery method, in the resulting dialog box select 'Browse' and select the file to upload.

Important: Ensure the document has the correct naming convention.

42. When uploading GMP certificates or inspection reports, you will also need to enter the inspection date relevant to the evidence provided.

You may receive alerts if the inspection date is ≥ 3 years old identifying that the GMP Clearance may:

- result in a short expiry date (if issued)

OR

- not be issued if the evidence is > 3years from date of inspection.

Upload Evidence

Please attach documentation of evidence to support the administrative request. In the case of multiple files upload please provide a single Zip file. Maximum file size allowable is 100 Megabytes

★ Select file(s) to upload:

★ Enter the Last Inspection Date:

The maximum file size is **100MB** per piece of evidence. If supplying multiple documents in response to a single item of evidence (for example a SMF and separate appendices) please provide a single [zip](#) file.

43. If the document does not have the correct naming convention, an error message will be displayed. Update the document name as per the [naming convention](#) and upload it again.

Letter of access to clearance

44. If you have selected this delivery method, in the resulting dialog box enter a valid GMP Clearance tracking number.

Letter of Access to Clearance

Enter a valid GMP clearance tracking number. A valid GMP Clearance tracking number is a GMP Clearance tracking number which is currently under review or has been approved by TGA. No expired clearances can be accessed

★ Enter a valid GMP tracking number:

(up to 25 characters)

OK Cancel

To avoid unnecessary delays and unforeseen outcomes that may impact your regulatory submissions, we strongly recommend you to only use LoA to clearance to access **already issued** GMP Clearances. Prior to submission, check with the owner of the parent clearance for the outcome of assessment.

Letter of access to evidence

45. If you have selected this delivery method, in the resulting dialog box enter a valid GMP Clearance tracking number that contains this piece of evidence you wish to access.

Letter of Access to Evidence

Enter a valid GMP clearance tracking number. A valid GMP Clearance tracking number is a GMP Clearance tracking number which is currently under review or has been approved by TGA. No expired clearances can be accessed

★ Enter a valid GMP tracking number:

(up to 25 characters)

OK Cancel

If choosing either letter of access delivery methods, the letter must be uploaded in the [Mandatory certificates or letters section](#).

A **valid** GMP Clearance tracking number is a GMP Clearance that is currently under review or has been issued.

Ensure you have read the relevant information the [GMP Clearance guidance](#) regarding Letters of Access.

Mandatory evidence

46. If you are submitting a Compliance Verification application, there is a Mandatory Evidence section.

Identify the evidence that is required for your application type:

- Select N/A for the evidence that is not required **and**
- Check the box next to the evidence that is required

If you or your manufacturer do not provide all required evidence, you will experience **significant delays in processing times** and your GMP Clearance **may not be issued**.

Mandatory Evidence:		
☐ N/A	☒ 2 Most recent inspection report	Select delivery method ✗
☐ N/A	☒ 3 Regulatory Inspections list	Select delivery method ✗

Submitting your complete application and paying fees

Fees and Payments tab

51. You will be able to view the itemised fee in addition the total amount before you submit your application.

Client Details	Evidence	API/Product Details	Fees and Payments	Declaration
The fee to submit this Clearance Application is: GMP clearance application processing fee: \$ Obtaining evidence from an overseas regulatory authority fee: \$ Compliance verification fee: \$ Fee: \$ Payment Type:				

Please note any applicable fees not selected during the submission of your application will be raised during application receipt and will result in delays to processing times.

Declaration tab

52. You will need to complete the Declaration tab before you can submit your application by ticking the 'Agree' box. You can then proceed to [validating](#) and [submitting](#) your application.

By clicking on the Agree button below, I AGREE with all of the above statements.

☐ Agree

Validating your application

53. Once you have entered all the required information, you will need to validate your application before submission. Select '**Validate**'.

54. If there are areas of the form that have incomplete or incorrect information, an error message will show you what needs to be rectified (example errors below). You will need to address the validation issue before you can proceed.

55. Once your application has validated, you will receive the message below.

Submitting your application

56. Once all validation issues are resolved, you are ready to submit the application. Select '**Submit**'.

Paying your application fee

57. After submitting your application, the following screen will appear, notifying you of the fees to be charged. Select '**continue**' to proceed.

The fee to submit this Clearance Application is:
Application Fee: \$_{xxx}
Liaison Fee: \$_{xxx}

By selecting the **Continue** button your Clearance Application will be submitted to the TGA

Your invoice will be available on the next screen for printing

If you do not wish to continue submitting this application select **Cancel** to return to your application form

58. You will receive the following notification of a successful submission:

Your Clearance Application
MI-2017-CL-
has been successfully submitted to the TGA

Thank you for submitting your application. Should this application incur a fee, a copy of the invoice will be emailed to you and to the billing contact. Please contact [TGA Accounts](#) if you have invoice or payment enquiries

Please select Home to return to the eBS sponsor portal

59. The invoice (along with payment instructions) will be emailed to the billing contact. Please direct any queries in relation to invoicing of GMP Clearances to accountsrec@health.gov.au.

Maintaining your active GMP Clearance

Creating a variation application

1. Log in to [TGA Business Services](#).
2. On the homepage select 'Your TGA' and from the dropdown select 'Manufacturer Information'

3. You will be redirected to a list of all your GMP Clearances and licences. Enter 'CL' as a filter on 'identifier' and select 'Go'. This will display a list of your active GMP Clearances.

Manufacturer Information

Approval Area:

Manufacturer:

Filter on: for

Approved	Identifier	Site Address	Received	Expiry Date
☐ 2016-06-29	MI-2013-CL-		2016-06-29	2016-12-14
☐ 2016-06-28	MI-2016-CL-		2016-05-31	2017-10-02
☐ 2016-06-14	MI-2016-CL-		2016-05-10	2018-09-17

4. Select the existing GMP Clearance you wish to vary.

Manufacturer Information

Approval Area:

Manufacturer:

Filter on: for

Approved	Identifier	Site Address	Received	Expiry Date
☐ 2016-06-29	MI-2013-CL-		2016-06-29	2016-12-14
☐ 2016-06-28	MI-2016-CL-		2016-05-31	2017-10-02
☐ 2016-06-14	MI-2016-CL-		2016-05-10	2018-09-17

5. Select 'Vary Application' from the menu bar at the top of your GMP Clearance.

TGA eBusiness Services Clearance

6. Select one of the three variation types:

- [Change Clearance Details](#)
- [Change Clearance Status](#)
- [Renewals](#)

We recommend that for any variation application where multiple changes are required, you provide a cover letter outlining these changes.

For example, where you wish to renew your GMP Clearance application in addition to updating the contact details and manufacturers name or address.

Change clearance details - Scope, applicant or manufacturer changes

7. Select 'Change Clearance Details'

8. In the client details tab, for Variation Requests select the change(s) you wish to make to your GMP Clearance from the following options:

- [Change to Manufacturer details – Administrative](#): A change to manufacturer name or a minor change to the manufacturer's address with no physical change to the manufacturing site (rezoning, amending a postcode etc.)
 - If part of the site is being divested, please contact GMPclearance@health.gov.au **prior to** submitting your application.
- [Change to Manufacturer details – Physical](#): A change to the manufacturer's address (adding a building, plot or unit or the relocation of a site to a different address)
- [Change of Sponsor or Applicant details](#): A change to the applicant or sponsor contact details (e.g. the nominated contact has left the organisation)
- [Change of scope](#): An increase / change or a reduction to the scope (dosage forms, manufacturing steps, etc.).

Please refer to [GMP Clearance guidance](#) for more information about evidence requirements for these types of changes.

Change to manufacturer details - Administrative

9. In client details tab select 'Change to manufacturer details – administrative'.

The manufacturer's information from your existing clearance will be pre-populated in the Manufacturer Details section.

Manufacturer Details	
Current Manufacturer Name:	ABCD LTD
Current Manufacturer ID:	00000
Current Manufacturer Site Details:	ABCD Road, Ireland
Current Manufacturer Site ID:	00001

The manufacturing site selected in your existing application will be pre-populated. If the minor update to the site address has already been registered with TGA, it will automatically be updated in your application.

★ Manufacturer Site Details:	
Manufacturer Site ID:	
Suburb:	State:
Postcode:	Country:

10. If you are updating the manufacturer name or address, select '**Search**' to perform a search of the TGA database to discover whether the required update has already been registered by another sponsor.

★ Manufacturer Name:		Search
New Manufacturer		
Manufacturer ID:		
★ Manufacturer Site Details:		
Manufacturer Site ID:		
Suburb:	State:	
Postcode:	Country:	

In the search box, enter a search string by typing the updated name of the manufacturer and select '**Search**'.

MIS Search Dialog	
Please enter a search string	
	Search
- Keywords including AND and OR may be used to refine your search. - Use * (wildcard) when searching on incomplete words.	

If the manufacturer's updated name is already registered with the TGA, it will appear in the list for selection. Click on the manufacturer and select 'OK'.

Number of entry found : 1

ABCD Limited

OK Cancel

11. If the manufacturer name or address has not been updated by another sponsor, select the existing site address and request the update to be applied by providing a cover letter in the optional evidence section.
12. Proceed to the Evidence tab where the optional evidence is displayed. Select the evidence you will provide to support the update being applied to your GMP Clearance:
13. Select the [delivery method](#) for the evidence.
14. Complete the [declaration tab](#).
15. [Validate](#) then [Submit](#) your variation application.

The Manufacturing Quality Branch will update the client database (manufacturer name/address) if the evidence supports the change.

Change to manufacturer details – Physical

16. In client details tab, select 'Change to manufacturer details – physical'.

Client Details | API/Product Details | Evidence | Conditions | Fees and Payments | Declaration

?

* ? Variation Requests:

☐ Change to manufacturer details - administrative

☒ Change to manufacturer details - physical

☐ Change of Sponsor or Applicant details

☐ Change of scope

* Select application type: CV - Contract Testing Laboratory

If your change is to **add a building, plot or unit to an existing site**, you can request the update to be applied by selecting the existing site address and provide the evidence to support this change when completing the evidence tab.

A physical change to manufacturer details will require the same documentary evidence to be submitted and incur the same **fees** as submitting a new application.

17. Under manufacturer site details, open the drop down menu to your manufacturer to check whether the new site has been registered with TGA previously. If the new address is in the drop down menu, select it.

Manufacturer ID:	
* Manufacturer Site Details:	
Manufacturer Site ID:	
Suburb:	State:

18. Otherwise, for the relocation of a site to a different address select '**New Manufacturer**'.

* Manufacturer Name:		Search
New Manufacturer		
Manufacturer ID:		

Important – Ensure you have thoroughly searched the TGA database for the manufacturer's name and address **before** you select New Manufacturer. Duplicate entries created can result in extended delays to application processing times and may require significant updates to your ARTG entry.

If you are unsure whether the manufacturer you intend to use is available in the TGA database, please [contact us](#) prior to proceeding with your application.

19. Enter all the required updated information about the manufacturing site address, upload a cover letter that explains the request and select '**Send**'.

Request for entry of a new manufacturer on the TGA Client database	
This email new manufacturer request facility will be sent to the corporate management area of TGA for entry of the manufacturer name and address details into the TGA Client database. The attached or supporting information will be used to help resolve duplicate names or other administrative anomalies. A return email will be used to help resolve any name and address concerns.	
The request is for	MI-2017-CL
Contact person	
Email	
New manufacturer name:	
Manufacturer address:	
Country:	--Please select--
Please attach documentation containing the name and address details to support the administrative request. Up to three separate attachments can be added to this form, but only one is mandatory. Browse... Browse... Browse...	
Your manufacturer evidence notification is saved as a draft. Once your new manufacturer has been entered into the TGA Client database you will receive a return email indicating the manufacturer name is available for use in your evidence notification.	
Send Cancel Print	

Once TGA Business Services have made the update to the manufacturer site address, you will be notified and be able to select the details and proceed with the application.

The time required to make changes to an existing manufacturer can vary depending on the impact of the change.

Proceed to complete the remainder of the application from this point as if you were [creating a new GMP Clearance application](#).

Change of sponsor or applicant details

20. In client details tab select '**Change of sponsor or applicant details**'.

21. Update the relevant sponsor or applicant information in the client details tab by selecting from the available drop down menus.

If you wish to amend (add or remove) contacts, your company's TGA Business Services administrator can update these details.

Refer to [TGA Business Services – Questions and answers for administrators](#) or contact ebs@health.gov.au for assistance.

22. Complete the [declaration tab](#).
23. [Validate](#) then [submit](#) your variation application.

Change of scope

24. In client details tab select '**Change of scope**'.
25. Select if this is:
- an '[increase/change in scope](#)' (for example, addition of dosage form or manufacturing steps) or
 - a '[decrease in scope](#)' (for example, when a site has decommissioned a dosage form manufacturing line).

Increase/Change in scope

26. Your existing scope will be pre-populated. Proceed to complete the remainder of the application as if you were creating a new application by [selecting your scope](#).

Decrease in scope

27. Proceed to the API/Product Details tab. Select the substance, dosage forms or manufacturing steps no longer required and select '**Remove**'.

Product Details						
Show Original Entry/s						
Manufacturer Types	Sterility	Manufacturing Class	Dosage Form	Product Code	Manufacturing Steps	
☐ Testing Laboratory	Not applicable	Multiple manufacturing steps/Multiple products	All Dosage Forms	Registered Therapeutic Good	Testing Endotoxin	
☒ Testing Laboratory	Not applicable	Multiple manufacturing steps/Multiple products	All Dosage Forms	Registered Therapeutic Good	Testing chemical and physical	

Add Remove

28. Proceed to the Evidence tab where the optional evidence is displayed. Select the evidence you will provide to support the update being applied to your GMP Clearance.
29. Select the [delivery method](#) for the evidence.
30. Complete the [declaration tab](#).
31. [Validate](#) then [submit](#) your variation application.

Change clearance status – Cancel or extend

32. Select 'Change Clearance Status'.

Variation Type: ☐ Change Clearance Details ☒ Change Clearance Status ☐ Renewals

33. Proceed to the Status tab and select whether you want to request to '[Cancel](#)' or '[Extend](#)' your existing GMP Clearance.

Cancel your GMP Clearance

34. Select '**Cancel**' and provide details in the description text box as to the reason for the cancellation request.

Client Details	Status	Conditions	Fees and Payments	Declaration
? * Select new status: ☒ Cancel ☐ Extend * Description:				

35. Complete the [declaration tab](#).
36. [Validate](#) then [submit](#) your variation application.

Extensions

37. Select **'Extend'** and from the resulting drop down menu select the reason for the extension request from the following options:

- **Awaiting TGA inspection**

Select this option when the TGA is to perform an inspection

- **Awaiting GMP Clearance application assessment by TGA**

Select this option when a renewal GMP Clearance application has been submitted

- **Awaiting inspection by regulatory authority**

Select this option when the inspecting authority has scheduled an inspection

- **Awaiting evidence from regulatory authority**

Select this option when there has been a recent inspection performed and awaiting on evidence

- **Other** (Note: Selecting 'Other' will generate a heading text box to allow you to enter your reason for extension).

Select this option if your reason for the extension is not listed in the drop down menu.

Please enter a brief reason in the heading text box. Please enter any additional details about this reason in the Description text box.

The screenshot shows a web form with tabs: Client Details, Status, Conditions, Fees and Payments, and Declaration. The 'Status' tab is active. It contains a question mark icon, a 'Select new status:' label, and two radio buttons: 'Cancel' and 'Extend'. The 'Extend' radio button is selected. Below the radio buttons is a 'Reason for Extension:' label and a dropdown menu. The dropdown menu is open, showing five options: 'Awaiting TGA inspection', 'Awaiting GMP Clearance application assessment by TGA', 'Awaiting inspection by regulatory authority', 'Awaiting evidence from regulatory authority', and 'Other'. There is also an 'Is this your first extension request?' label and a 'Description:' label.

38. Select whether this request is the first extension request you have made. If **'No'**, provide the previous extension request expiry date.

The screenshot shows a web form with a 'Is this your first extension request?' label and two radio buttons: 'Yes' and 'No'. The 'No' radio button is selected. Below the radio buttons is a 'Previous request expiry date:' label and a text box. The text box has a calendar icon and the format 'dd/mm/yyyy'.

39. Depending on the reason for extension chosen, provide further information in the description text box. For example:

- **Awaiting TGA inspection**

In the description text box, please enter the TGA certification (CE) number

- **Awaiting GMP Clearance application assessment by TGA**

In the description text box, please enter the GMP Clearance (CL) renewal application number

- **Awaiting inspection by regulatory authority**

In the description text box, please enter the inspecting regulatory authority and proposed inspection dates

Please also send an email to [GMP Clearance](#) referencing the extension clearance number and provide supporting information from the inspection authority regarding inspection dates

– **Awaiting evidence from regulatory authority**

In the description text box, please enter the inspecting regulatory authority and inspection dates

Please also send an email to [GMP Clearance](#) referencing the extension clearance number and provide supporting information when the evidence will be available

– **Other**

In the description text box, please enter further information. If waiting on evidence, please provide the type of evidence and when this will be available.

Description:	
--------------	--

40. Complete the [declaration tab](#).

41. [Validate](#) then [submit](#) your variation application.

- ✘ We may **not** grant an extension without valid reasons and/or evidence (for example, if you submit late renewal applications).
- ✘ If you have submitted an extension and the extension is not yet processed, please do not submit another extension request as it may cause delays in our extension processing time.

Renewals

You are expected to submit an application to renew your existing active GMP Clearance once new evidence becomes available and preferably **no later than six months** before your clearance is due to expire.

42. Select '**Renewals**'.

You may also request to include other changes as part of your renewal application (for example, change of sponsor contact details) by selecting the variation requests below.

✖ If no other changes are required, do not select a variation request.

The screenshot shows a web form for 'Variation Type'. At the top, there are three radio buttons: 'Change Clearance Details', 'Change Clearance Status', and 'Renewals'. The 'Renewals' button is selected and highlighted with a blue box. Below this, there are four tabs: 'Client Details', 'Evidence', 'API/Product Details', and 'Conditions'. The 'Client Details' tab is active. Under the 'Client Details' tab, there is a section titled 'Variation Requests' with a question mark icon. This section contains four checkboxes: 'Change to manufacturer details - administrative', 'Change to manufacturer details - physical', 'Change of Sponsor or Applicant details', and 'Change of scope'. The entire 'Variation Requests' section is highlighted with a blue box.

Important – Please take processing times into account when submitting your renewal applications.

43. Proceed to complete the remainder of the application from this point as if you were [creating a new GMP Clearance application](#).

Withdrawing GMP Clearance applications no longer required

Once your application has been submitted and the current status of your GMP Clearance application is '**under review**', you can still withdraw your application if you have identified the GMP Clearance application is no longer required. Any **fees** previously paid may not be refunded.

Please withdraw via TBS by following these instructions:

44. Please login to your TBS portal
45. Under "View Lodged Submission", locate the application that is no longer required
46. Click on the drop down next to the application you wish to withdraw. This will bring up an option box

47. Select 'Withdraw' from this box
48. Select 'Print Preview' to preview your application, then select 'Withdraw'.

Evidence naming conventions

The table below outlines the naming conventions for evidence being uploaded with your GMP Clearance application. Validation errors will occur if naming conventions are not followed.

Each piece of evidence should be provided as a separate file. If supplying multiple documents in response to a single item of evidence (for example a SMF and separate appendices), please provide a single [zip file](#).

You will need to name each file with the document number prefix and the required file name to validate your application, for example:

✓ 8 Release SOP

You cannot add additional text **before the required** naming convention as this will fail validation. For example, the following will fail the validation rule:

✗ 8 Company Name Release SOP

✗ Company Name 8 Release SOP

You can add additional text **after the required** naming convention. For example:

✓ 8 Release SOP Company Name Effective Date

File naming convention table

Prefix #	Evidence name	The beginning of the file name (including the prefix number)
1	Current GMP or GLP or ISO Certificate	1 Certificate
2	Most recent inspection report	2 Inspection Report
3	Regulatory Inspections list	3 Regulatory Inspection List
4	Regulatory Actions Details	4 Regulatory Action Details
5	Site Master File or equivalent	5 Site Master File or SMF
6	GMP or Quality or Technical Agreement or equivalent	6 GMP or Quality or Technical or Agreement or TA or QA
7	List of Products intended for supply in Australia	7 Product List
8	Release for supply procedure	8 Release for Supply procedure or Release SOP
9	Validation Master Plan	9 Validation Master Plan or VMP
10	Latest Product Quality Review	10 Product Quality Review or PQR
11	Authorised laboratory tests	11 Lab test
12	Manufacturer's declaration for Active Pharmaceutical Ingredients (APIs)	12 Declaration

Prefix #	Evidence name	The beginning of the file name (including the prefix number)
13	Certified translation statement	13 Translation
14	Copy of the certificate of registration or a letter from the registrar in the manufacturer's country confirming the change of name	14 Name or Address Change
15	Cover letter detailing extension request and reason	15 Letter
16	Cover letter requesting change	16 Letter
17	Botanical ingredients evidence for authenticated standard reference materials	17 Botanical authenticated standard reference materials
18	LoA to Clearance	18 LoA Clearance
19	LoA to Evidence	19 LoA Evidence

How to create a zip file

1. Locate the file or folder that you want to zip.
2. Press and hold (or right-click) the file or folder, select (or point to) **Send to**, and then select **Compressed (zipped) folder**.

3. A new zipped folder with the same name is created in the same location. To rename it, press and hold (or right-click) the folder, select **Rename**, and type the new name.

Submitting large files via GovTeams

1. Access your company folder
 - a. Log into GovTEAMS via <https://www.govteams.gov.au/>
 - b. Access the TGA electronic submissions site
 - c. Open the TGA electronic submissions SharePoint page
 - d. Locate your company folder within the Documents section of the SharePoint page
2. Upload the sequence
 - a. Upload your documents by dragging and dropping it into your folder or using the Upload button
3. Notify eSubmissions
 - a. Email eSubmissions@health.gov.au

Title the email - [Sponsor] has submitted documents via the GovTEAMS [GMP Clearance tracking number]

Within the email body please include:

 - type of application, including whether it is initial supporting evidence or a response to a request for information
 - GMP Clearance application number

Troubleshooting

Please see below for common issues raised. If you come across any issues, please use the troubleshooting guide below. However, if you are still unable to rectify the issue, please [contact GMP Clearance](#) and include the following:

- GMP Clearance tracking number
- Screenshot of the issue (if IT issue related)
- Your username (if IT issue related)

Issue	Suggestion
I am experiencing TBS related issues, such as: • I don't have administrator access to submit an application. • I'm not listed as a contact in the application. • I need to reset my password for the TGA Business Services account.	If the contact is not displayed in the drop down list, your company's TGA Business Services administrator can update these details. Refer to TGA Business Services – Questions and answers for administrators. For TBS related issues, please contact ebs@health.gov.au for assistance.
I can't select a radio button or checkbox in the GMP Clearance application form.	Please save your GMP Clearance application, refresh your internet browser and try saving again. If you are still experiencing issues, please contact GMP Clearance prior to submitting the application.
I am experiencing problems when uploading evidence to the application.	Please save your GMP Clearance application, close your internet browser before trying to upload the evidence again. If you are still experiencing issues, please contact GMP Clearance prior to submitting the application.
I received notification an invoice has been raised, however I cannot see it.	Please wait for 24 hours from the date GMP Clearance sends you an email. If you have not received an invoice by then, please contact GMP Clearance.
I am experiencing validation errors when entering GMP Clearance details for my product submission.	Please contact the relevant product regulatory area regarding the validation message shown in the respective lodgement systems. If the selections you made result in validation issues with the regulatory submission system, you may be required to submit a variation application and pay the relevant fees.
